

# ECONOMIC IMPACT OF NEW MEXICO'S PISTACHIO INDUSTRY IN 2022

## \$5.9 MILLION

Total economic impact of Arizona's growers and processors in 2022<sup>1</sup>

## \$3.2 MILLION

Total expenditures by growers and processors in 2022

## \$2.5 MILLION

Labor income in wages/salaries generated by New Mexico's growers and processors

## 55

Number of jobs created as a result of spending by growers and processors in 2022<sup>2</sup>

<sup>1</sup> Considered the best measure of economic activity. Total Economic Impact is a compilation of the direct impact, the indirect impact, and the induced impact generated in the economy as a result of the industry.

<sup>2</sup> Jobs are measured on a full-time equivalent basis, and are in the agricultural industry and in a wide range of other industries as a result of grower spending and labor income created.
